Strokes of genius; translated into bold silhouettes of AMG Bodystyling and clever aerodynamic details that make a big difference. Take the center stage with the stunning 19-inch AMG 7 twin-spoke light-alloy wheels. With the beautiful soft-top that can be folded away at the touch of button, feel the ease through the simplest interaction. You can always slip away from everyday cares and worries with the E-Class Cabriolet.

The very thought of which makes the heart beat faster.

The new E-Class Cabriolet features sporty seats in leather with integrated electrically height-adjustable NECK-PRO head restraints. The innovative AIRCAP draught-stop system diverts the airflow above the heads of the occupants and thus allows all four seats to be used when the roof is down. Draughts and unpleasant turbulence are reduced significantly.
